

Tentative Agenda

**Note that times may change*

8:30 **Registration & Continental Breakfast**

9:00 **Welcome** (Holli/ Misty)

9:05 **Where We Came From & What's Changed**

Attendees will share what their organizations have done differently in the last year to help expand, diversify, and grow the oral health workforce. These accomplishments will be documented on flip charts, and attendees will be urged to continue populating those flip charts during the break. Intermingled with this kind of informal sharing, the group will pause to hear from 3 speakers who will present for no more than 10 minutes each, including Q&A:

- Delta Dental Policy
- Michigan Healthcare Workforce Index
- Dental Therapy Subcommittee

10:05 **Where We are Going Today**

Facilitators will provide a framework by which participants might consider this body of work, presented in a key driver diagram format. This will help attendees see that this is complex systems change and there are a LOT of things that need to be done to truly achieve our collective vision. From there, facilitators will describe the importance of prioritizing action items so that as a group, we focus on activities that we have influence over, rather than waiting for others to implement activities. Facilitators will present factors by which groups should consider prioritizing potential goals. Finally, the group will discuss how to approach our ideas about Communications and Marketing.

11:00 **Break**

11:15 **Small Groups Discussions/ Breakouts**

During each session, facilitators will present 3-5 general concepts that could potentially become SMARTIE goals by subcommittees in the future. The small group will prioritize these concepts and then discuss action planning in detail. Groups will discuss potential action steps, who would complete actions, resources needed to accomplish such a goal, barriers that the subcommittee might face, and how to measure success.
